

Engmepho Professional Enterprise Sdn. Bhd. (EMP) was established in Malaysia in 1984 to provide engineering services and trading. We have grown from strength to strength and diversified into exporting complete agricultural processing systems under turnkey basis, trading of specialist chemicals and information & communication technology services.

■ **Projects & Engineering Division** designs & exports complete engineering such as for rubber & oil palm processing. A number of factories in the ASEAN region and Africa are using our machinery & systems to produce their products.

Corporate Mission Statement

"Create wealth via the spirit of enterprise, utmost professionalism and mindfulness of society. Strive for excellence to achieve the goals and objectives of the customer."

■ **Trading Division** exports specialized chemicals, accessories and spare parts. Our range include Latex Stimulants, Rubber Tapping Systems, tapping knives, rubber cups, rubber bleaching agents and other spare parts to support our overseas customers.

■ **Information & Communication Technology Services Division** carries out print & electronic publishing, CD-ROM archiving, web-hosting & tourism services on the Internet.

● **Enterprising** ● **Mindful** ● **Professionals**
