

EMP-ZaP Range of Replaceable Gebung Type Rubber Tapping Knife

EMP Malaysia has recently tied up with a Taiwanese manufacturer to produce a machine-made replaceable Gebung Type Rubber Tapping knives for smallholders and plantation users.

Our premium range of Replaceable Gebung Type Rubber Tapping Knives comes in a set packed with a spare rubber tapping knife, allen key and a complete knife with reusable handle.

FEATURES

- Replaceable Tapping Knives with a re-usable handle.
- Quality machine-made Tapping Knives.
- To replace worn-out rubber tapping knife, you only have to buy in the tapping knife NOT the complete knife with handle.
- Computer-aided design for precision manufacturing.
- Japanese material for long life performance.
- You only have to buy one complete set initially and buy the replaceable knife in the future – thus cutting down costs.
- Plantation owners who buy more than 1000 sets per order can have their own brand stamped on the knives in order to prevent pilferage.
- Minimum Sample Export order is 250 sets per order on FOB basis. Min. Local Order is 10 sets.
